Welcome to this bi-monthly edition of The Wag Magazine. As always, it's a joy to bring you the latest happenings in our vibrant dog-loving community. Whether you're here for training tips, event updates, or just a few heartwarming pup stories, we hope this issue brings a smile

to your face and keeps you connected to our club. A big thank you to everyone who contributes photos, articles, and ideas!

When your human is the editor of the magazine, you get to be on the front page ;) but if you want your dog featured in the magazine drop me a line at [editor@ssdtc.com.au](mailto:editor@ssdtc.com.au) You'll also see me at training and trials hovering and taking pictures, so look out for your furry friend in future editions.

## ► President's Report

Brian Jarrett

I would like to take this opportunity to welcome the almost 40 new members that joined in August and September. I hope that you and your dog have a rewarding experience with our club and our volunteers. Please, come up and say hello when you see myself and Riley doing the rounds.

We had a few disruptions over the months with wet weather and the council closing the fields for change of season maintenance. We should be back to normal operations for the remainder of the year.

Thank you to all that attended our AGM on 14 September. It was great to have most of our Committee re-stand for another term and continue with the work we have in front of us.

I would like, especially to thank Pam Ryan and Iris Jezierski for their dedication and hard work over the past two years as Club Secretary and Member Trustee respectively.

With that, we welcome Heather McMillan as Club Secretary and Fiona Dell'oro as Member Trustee to the Committee. I am looking forward to working with you both and are certain you will both add your own personalities to our future.

With Daylight Saving now with us, remember we now start Sunday classes at 8:00am sharp. This is to limit our and our dogs' exposure to the higher summer temperatures. It's worth noting to bring a bottle or two of water with you to share with your dog as it warms up.

# ► Canine Life Skills workshop by Instructor Carol

10

I recently had the opportunity to run a Canine Life Skills workshop at the club. Numbers were limited but the available spots filled up very quickly. The workshop was run primarily to teach our dogs and handlers some of the skills they would need to fit in with our human world. As our dogs are from “planet dog” and do not speak our language, this human world can often be very confusing. They are always communicating with us but we need to learn how to listen.

I asked for 100% commitment from everyone and I was not disappointed. The work ethic was outstanding both from the handlers and their dogs. 8 weeks of training in rain hail or shine. And there were a few very rainy and cold days believe me. Two intrepid people and their ever faithful canine companions travelled the long way round from Bundeena when the Audley weir was flooded. One of our handlers even turned up for the last two sessions with his leg in a full brace. Now that is commitment. Hot coffee was the staple beverage as my intrepid teams of handlers, dogs and assistant instructors braved the chilly weather. There was a big orientation night before the workshop began and plenty of homework each week. All of this was done with a sense of fun and the quest for learning.

We covered a lot of skills including those listed below :

- How to build a bond and engagement through play
- How dogs learn
- How to use a long line
- Impulse control
- How to help your dog feel safe and comfortable around novel objects / situations
- How to teach : Loose leash walking, polite greeting, recalls, stays, door manners, settle in place, fun tricks.

As all the dogs were doing so well we were able to throw in a few other skills and some fun games before winding up the workshop on the last day with a loose leash challenge. The challenge was to loose leash walk your dog whilst holding a very full cup of water. The handler with the most water left in their cup won the challenge and went home with a very cool prize. Congratulations to Jacob and Rex who were our winners. Everyone's cups were still very full...an amazing achievement and testament to the time and effort put into the training by all.

Lots of heartfelt thanks go out to my two wonderful assistant instructors Lyn M and Vera. These ladies were amazing. I would also like to thank the committee and our awesome chief instructor Lyn W for giving me the opportunity to run the workshop.

Last but not least, all the dogs and handlers who made this workshop a joy to run. It made me very proud to watch you all progress each and every week.

Hopefully, we will be able to run another workshop next year.

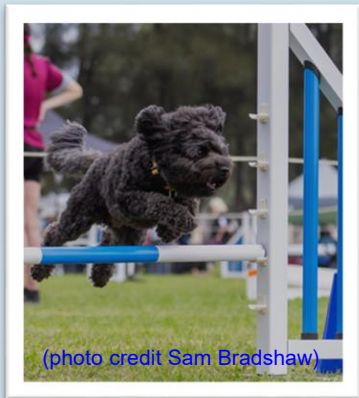

Darren has designed a questionnaire asking about our dog's Agility journey. If you would like to tell us about your dog we would love to hear from you.

### About You and Your Dog

1. Dog's name(s) **Winston**
2. Breed or mix **Cavoodle**
3. How did you get into agility and how long have you been involved in this dog sport? **We first started trialling in July 2022 so just over 3 years now.**

### Your Agility Journey

4. What got you interested in dog agility? **Winston is our first dog and my wife was researching things you could do with your dog. A dog trainer had an introduction to agility course for puppies and it went from there.**
5. Do you remember your first class or trial? What was it like? **Our very first trial was at St Ives in July 2022. It was the very first time Winston and I had run on a full size course with full size equipment. I was worried at the time Winston wouldn't make it over the A Frame as it looked huge!**
6. Were there any training challenges you had to overcome? **My wife had initially trained him to enter the weave poles on his right until we found out it should have been on the left! This took a while to fix but we got there!**

### About your dog

7. What's your dog like outside agility? **He is a lap dog and just loves sitting on your lap getting stomach rubs.**
8. What is their favourite obstacle? **This is a tough one as I'm not exactly sure. I probably would say the dog walk.**
9. What is their favourite pastime? **He loves chasing his ball, running along the beach and scent work. He also loves his treats.**
10. Have you trained multiple dogs? How do they differ? **We just got a border collie. We haven't done any proper training with her as yet given she is still young. Her energy levels are about 3 times higher than that of Winston and I think will be more challenging to train compared to our Cavoodle.**

### Trials and Highlights

11. Can you share a favourite agility trial moment or highlight? **Probably our first time trialling where to our amazement Winston qualified both in AD and JD coming first and second respectively.**
12. Any funny or unexpected things ever happened in a trial? **Winston and Penny the pug had teamed up at a trial to do Novice Strategic Pairs for the first time. As Winston was running, Penny got excited and started chasing Winston around the course which I found amusing. I'm pleased to say we still qualified!**

# ► Grading Fundamentals

14

*What does it take to grade up?*

## Kindergarten/Club Introduction

- ❖ Grading takes place each week at end of class

Handlers are introduced to the club, informed on basic dog to handler communication and shown basic commands. Handlers and their dog are in this class for one week only

## Class 1 to 2

- ❖ Grading takes place every Sunday at end of class

Handlers are allowed to encourage their dogs verbally and repeat commands. Checking a dog is not penalised. Clicker & food rewards (luring) are permitted.

Core Elements

- ❖ Handler is to demonstrate a level of communication between them and their dog is being established
- ❖ Handler may touch, encourage and direct the dog during all heeling patterns
- ❖ Heeling with a loose lead (as much as possible), execution of left and right turns, sits and basic handling
- ❖ Handler is to demonstrate a knowledge/ability to communicate commands to the dog

# Class 2 to 3

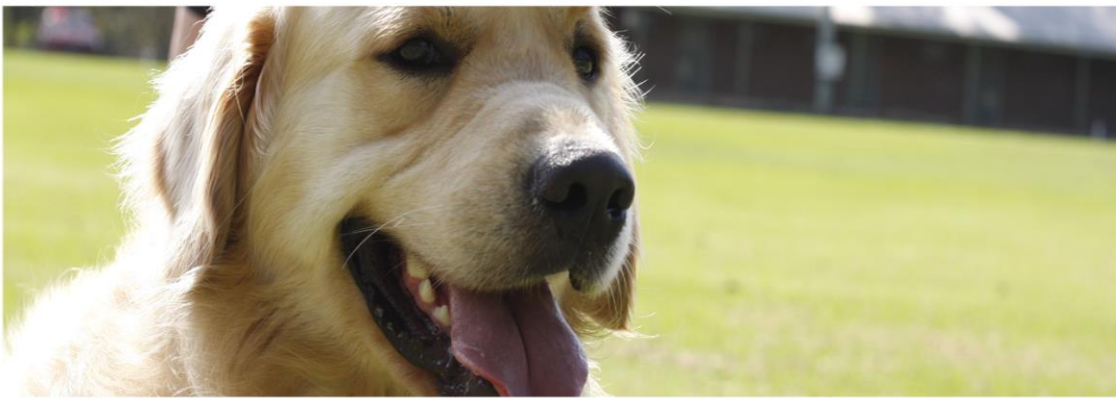

15

- ❖ Grading takes place 2nd Sunday of each month

Handlers are allowed to encourage their dogs verbally, but only occasionally repeat commands. Checking a dog is penalised, consistent checking of the dog will result in a failure. No clicker, food rewards (luring) permitted. Canine Bridle, Halti permitted.

## Core Elements

- ❖ Loose Lead (leash) all paces. Sit stay and drop (or down) stays, Handler beside dog
- ❖ Heeling at all paces with a loose lead. Sits and stands using signal and voice only. Downs without force although the dog may be 'guided' down by the lead
- ❖ Stays: (A) Sit, handler beside the dog for 1 minute; (B) Down, handler beside the dog for 1 minute
- ❖ Handling: based on the handler's ability to communicate command

# Class 3 to 4

- ❖ Grading takes place 3rd Sunday of each Month

► Handlers are allowed to encourage their dogs verbally but only issue one command. Handling the dog or checking the dog will earn a penalty. Consistent checking must be failed. No clicker, food rewards (luring) permitted. No Canine Bridles or Haltis permitted.

## ► Core Elements

- ❖ Loose Lead (leash) all paces, automatic sit, stand for examination, sit stay and drop (or down) stays with handler in front of dog (1.5 m minimum)
- ❖ Heeling: at all paces with a loose lead. Sits to be automatic. Stands and Downs using signal and voice only. Handler is not to touch or guide the dog into any directed position.
- ❖ Stand For Examination: with dog beside handler. (Dogs' paws movement will earn minor deductions as per CCD judging). If dogs all four paws move, it is a fail.
- ❖ Stays: (A) sit, handler in front of dog for 1 minute; (B) down, handler in front of dog for 2 minutes
- ❖ Handling: based on the handler's ability to communicate command

# Class 4 to Club Medal

16

- ❖ Grading takes place Sunday as per Judges Ring schedule

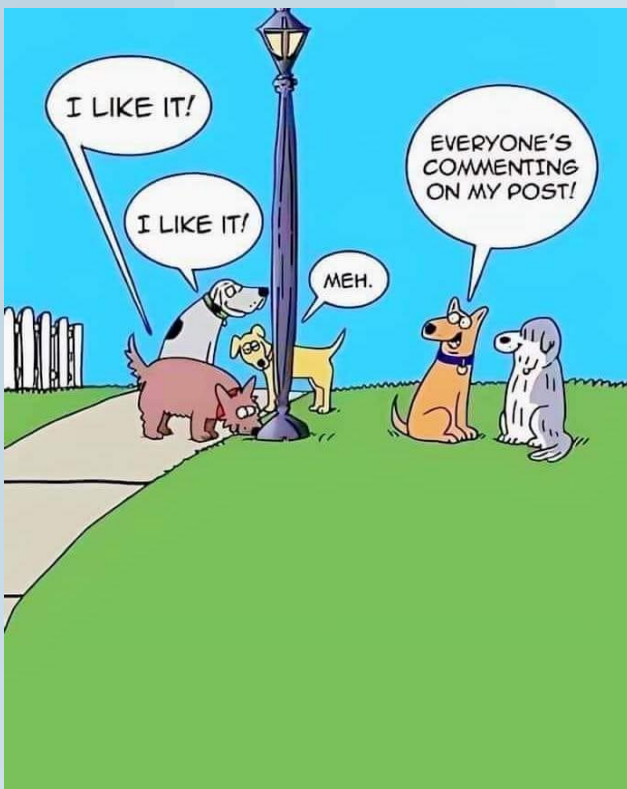

Three qualifying passes to Dogs NSW trial standard -> Community Companion Dog (CCD) Standard

Handlers should not encourage their dog verbally, and only issue one command. Handling the dog or checking the dog will earn a penalty (repeated checking will be failed). No clicker or food rewards (luring) permitted.

## Core Elements

- ❖ Loose Lead (leash) all paces, Automatic sit, stand for examination, Recall, Sit stay and drop (or down) stays. Handler in of front dog
- ❖ Heeling: at all paces to an advanced standard (Automatic sits, stands and downs signal and voice only)
- ❖ Stand for Examination: as in a CCD Trial with the handler in front of the dog to the length of the leash. If dogs all four paws move, it is a fail.
- ❖ Recall: 12 metres off lead (components of exercise as in CCD Trail)
- ❖ Stays: (A) Sit, handler 5 metres in front of dog for 1 minute; (B) Down, handler 5 metres in front of dog for 2 minutes
- ❖ Handling: based on the handler's ability to communicate commands.
- ❖ Note: Pre-requisite is the handler and dog having graded to Class 4

# Club Medal Excellent

- ❖ Grading takes place Sunday as per Judges Ring schedule

Three qualifying passes to Dogs NSW trial standard ->Novice (CD) Standard

Note: Pre-requisites of (1) the handler and dog having graded to Class 4, (2) having gained Club Medal

## Leash Reactivity

Leash reactivity in dogs can stem from various factors that influence their responses to the environment. Understanding these reasons helps owners manage and reduce reactivity effectively. Here are some key factors:

**Fear** - One major reason for leash reactivity is fear. When dogs are on a leash, their movement is restricted, particularly the ability to retreat from perceived threats. This lack of escape can lead to defensive behaviours such as barking or lunging. Practicing loose leash walking can alleviate fear, as it allows dogs more freedom of movement and helps them feel more secure in their surroundings.

**Frustration** - Frustration is another common cause of leash reactivity. Dogs often want to interact with other dogs or people, and being unable to do so can lead to behaviours like barking or pulling. To reduce this frustration, start training at a distance from triggers and teach that calm behaviour and a loose leash lead to positive outcomes, such as the chance to greet other dogs.

**Antecedent Arrangement** - Antecedent arrangement refers to environmental factors that increase the likelihood of specific behaviours. Being mindful of surroundings during walks can help create a positive environment. Shorter walks in low-stimulation areas can prevent emotional overwhelm, making dogs feel more relaxed and less reactive.

**Conditioned Associations** - Conditioned associations significantly impact how dogs respond on a leash. Negative experiences, such as corrections when encountering triggers, can lead to anxiety about the leash. Creating positive associations—like asking for a sit and rewarding calm behaviour—can transform triggers into positive experiences, encouraging focus on the owner.

**Subtle Cues** - Dogs are highly sensitive to their owners' emotions and body language. Signs of anxiety can alert dogs, increasing reactivity. Owners should aim to remain calm and relaxed, using techniques like deep breathing and easing tension on the leash. Controlling the environment—by avoiding high-stress situations—can also help reduce the impact of triggers.

In summary, leash reactivity in dogs can arise from emotional responses like fear and frustration, as well as environmental factors and conditioned associations. By understanding these causes and implementing strategies to manage them, owners can create a more positive experience for both themselves and their pets.

Our club enforces a no dog attack policy. This means if your dog has attacked another dog or human you will be asked to purchase from the clubhouse (or elsewhere) a muzzle to use whilst on SSDTC grounds during training sessions. Please understand that the enforcing of this policy is for the safety of our trainers, members and their dogs. Removal of the muzzle at a future date to be decided by senior instructor(s) assessment on the aggressive dog.

## ► General Rules

### Ground Rules

1. Members must be in class by the time specified. Instructors have the right to refuse entry to the class if you are late.
2. All dogs must be vetted by the appointed vetting officers before you proceed to a class. No dogs will be allowed on the field before being vetted.
3. Members without membership cards may be refused admittance to class.
4. All dogs must be immunised against Distemper, Hepatitis, Parvovirus and Para influenza and Kennel Cough.
5. Current inoculation certificates must be produced when renewing membership.
6. No bitch in season will be allowed to attend training.
7. All dogs must be kept on a leash at all times unless under the supervision of an instructor.
8. All handlers of dogs who foul the grounds must immediately clean up and dispose of the matter in the bin/s provided.
9. Classes using the Club jumps and/or agility equipment will be responsible for returning the equipment to the equipment room after use.
10. Members shall behave courteously to other members and officials of the Club at all times.
11. Any disputes should be referred to the chief instructor or a committee member at the time of the dispute.
